

Wiring harness special terminal 770520-1

Wiring harness special terminal 770520-1

Material: copper tin

Sealing type: single wire seal

Crimp type: F type crimping

Socket Type: 180 °

Typical rated current: 17A

The connection pin diameter is 1.3 mm

Wire Insulation Diameter: 1.7 - 2.7 mm

Temperature range: -40 - 125 ° C

Terminal conduction: 0 - 24 A (low power)

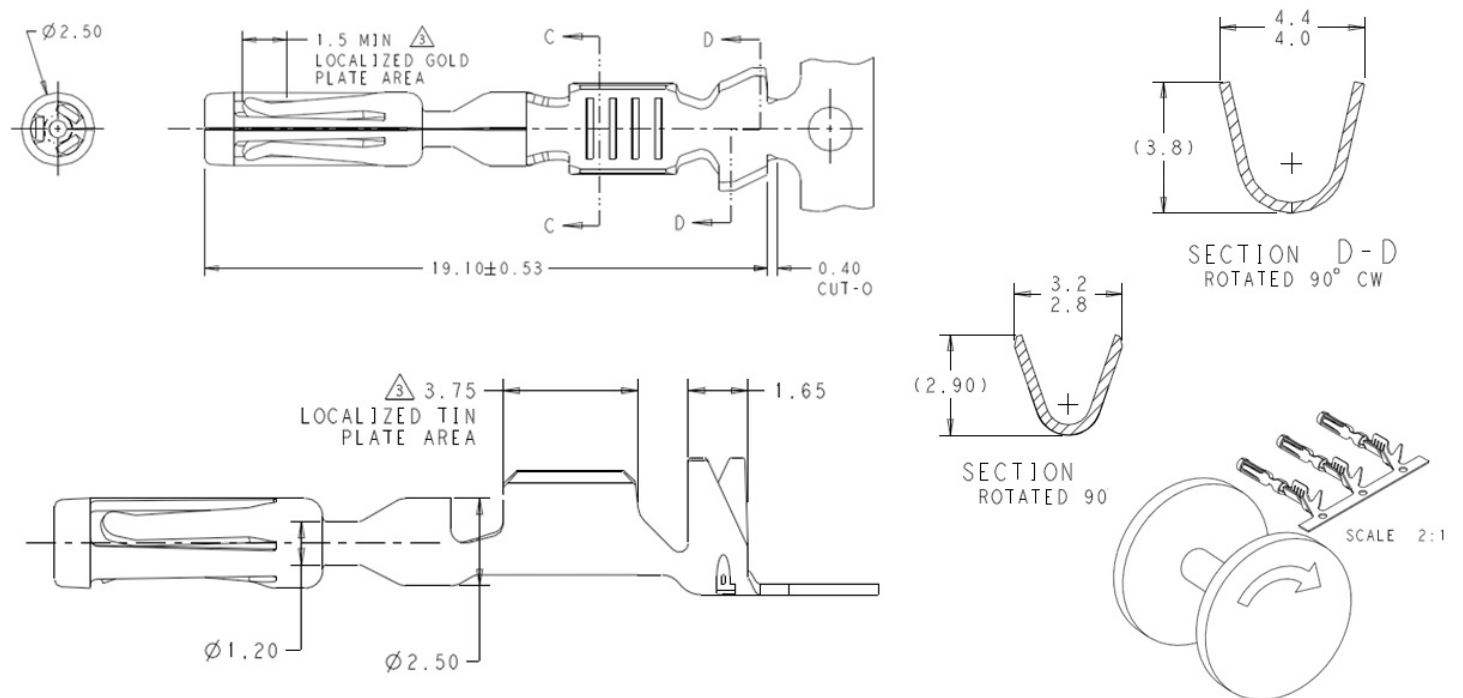

Packing: 5000PCS / roll

Uses: Terminals for cars, trucks, buses and off-highway vehicles

Winding Terminals Harness Terminals Terminal Blocks Crimp Terminals
