

RCCN Wiring Duct VDRF-HF

Wiring Duct VDRF-HF

Product Material: Made of halogen-free hard materials, environmental pollution, no lead and other toxic substances.

Product Certification: Raw materials UL. European CE, European environmental RoHS, REACH.

Fire rating: UL94V-0, low smoke halogen-free, in case of fire does not burn, fire and insulation particularly good.

Product Structure: The bottom of the tank and tank cover.

Color: Gray. Milky white. Blue, light gray

Operating temperature: -40 ° C static sustained high temperature to 110 ° C.

* Halogen-free raw materials made of PCABS.

Uses: Semiconductor manufacturing, shipbuilding, nuclear power plants, oil platforms, elevators, motorcycles and subways, wind power generation platform, temperature and harsh environment and other industries.

More options: Other lengths available upon request.

Halogen-free trough to trough groove bottom combination of external width and height prevail

If you do not have the form you need, we can design and supply!

Special offer a limited number of while stocks last, the large price is better.
